The App Services – Care in Your Pocket

Your On-Demand Care Team

For immediate medical attention, secure records, and dedicated support, our mobile app transforms your smartphone into a **24/7** healthcare portal.

[Explore More →](#)

- **Mydoctor (SOS & Consultations):** Instant video or audio consultations with certified physicians. Features a one-tap emergency SOS trigger that alerts our medical team and your family simultaneously.
- **My documents (Health Records):** A secure, encrypted digital vault for all prescriptions, medical reports, and lab results. Accessible anytime, anywhere.
- **My Help center (Dedicated Support):** A compassionate, human-first guidance center to help you navigate care schedules, app troubleshooting, and medical inquiries.

How It Works – The Connected Ecosystem

Three Steps to Seamless Care

You can't be in the room every second, but the right technology can. Our curated online store features advanced wellness devices designed to keep your family safe, healthy, and connected.

STEP 01

Equip Their Home

Find the perfect health companion like Drmini Robo and curated Truehive wellness products on our website.

STEP 02

Download the Companion App

Install the app on your phone and your parent's phone to unlock Mydoctor consultations and emergency SOS setups.

STEP 03

Stay Connected, Anywhere

Monitor health trends, manage My documents, and gain absolute peace of mind knowing medical help is just one tap away.

Give them the care they deserve, even when you can't be there.

Your loved ones' safety shouldn't be a source of worry. With one-tap SOS alerts, 24/7 doctor consultations, and a built-in pharmacy, we provide a complete safety net for your parents, right from your phone.
